## Christian Growth Study Plan

LifeWay's website <http://www.lifeway.com/cgsp/>

This workshop is offering classes in 5 tracks: Basic and/or Beginner, Reaching out and Collection Development, History, Promotion, and Miscellaneous. In order to earn credit in the Christian Growth Study Plan, you must take at least 2 ½ hours within the same track. The numbers below the schedule are choices for participants to apply for study course credits. The LS stands for Leadership and Skills and then the number corresponds to that particular class. For example if you have already earned credit for LS -0247 and participate in 2 ½ hours of the history track, then you would apply for credit in LS -0248. You may only earn one credit this weekend because of the hours involved.

There are six different diplomas available to church librarians and one for church historians. The following lists the diploma title and the courses needed to earn each diploma.
